

Huggingface access token

1. Log into HuggingFace:

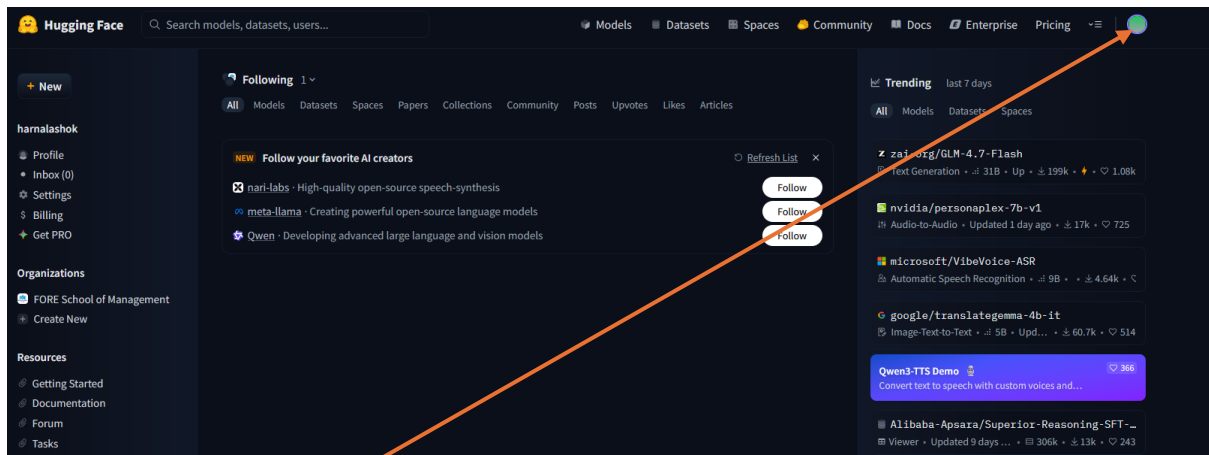

Figure 1: You are logged into HuggingFace.

2. Click on your logging icon and click Settings

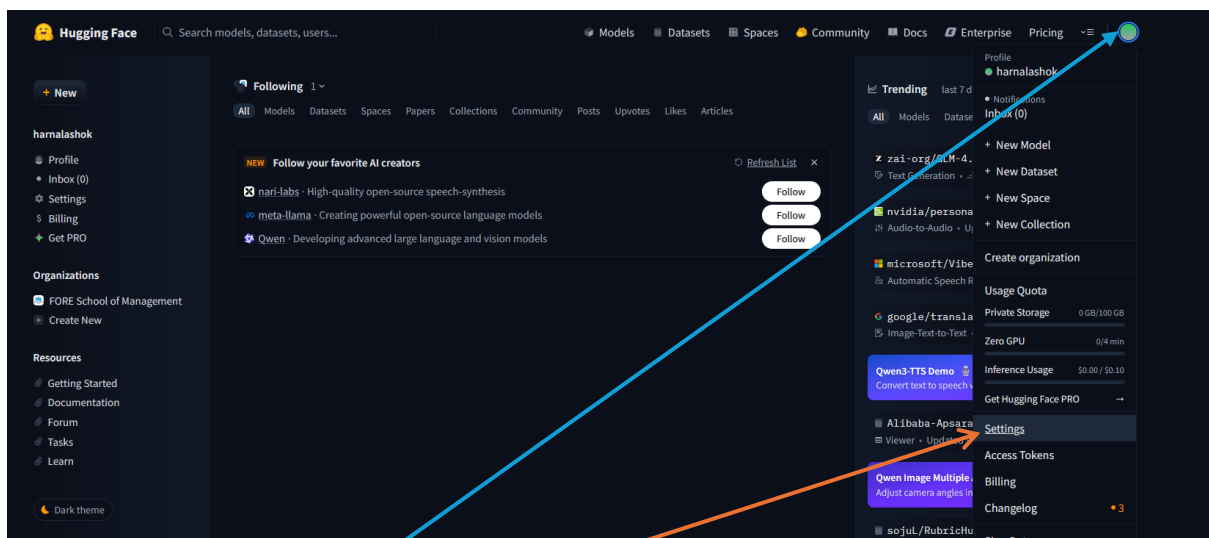

Figure 2: Click on your logged in icon and click Settings.

3. You will now have a left-panel with Access Tokens displayed.

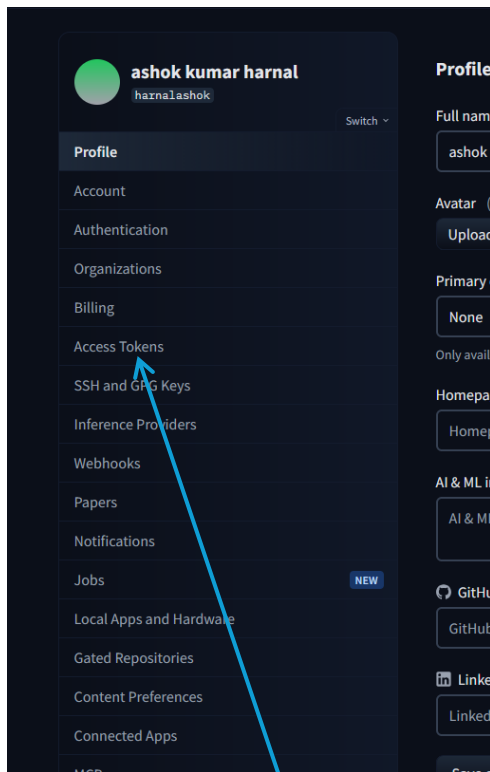

Figure 3: Left panel has Access Tokens. Click there and click Create new token to get the following page.

4. From the three choices: Fine Grained, Read, Write, select Read. Give your token a name and create.

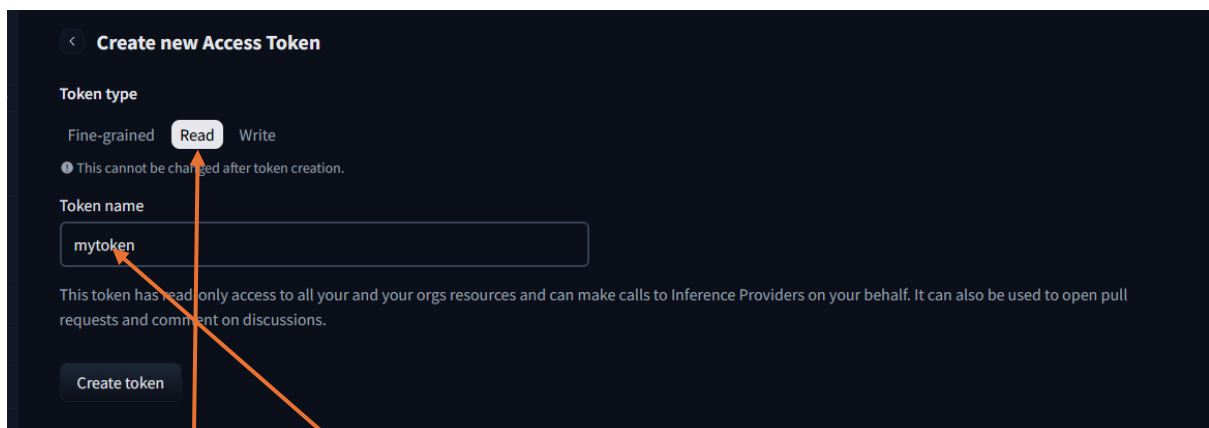

Figure 4: Click Read, give token a name and create one.

5. Copy your token and save it somewhere. Done.

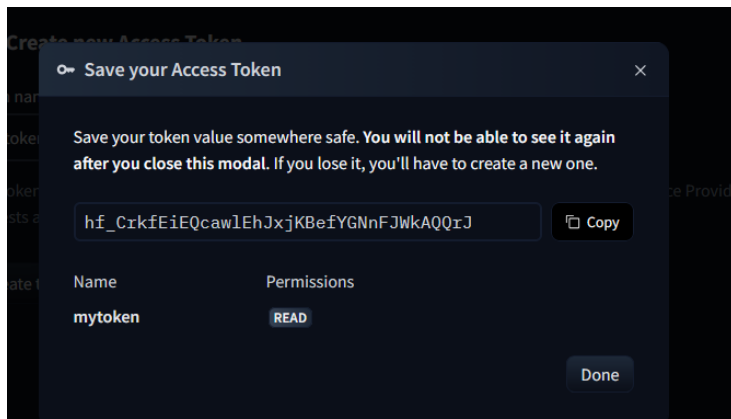

Figure 5: Click Copy, and paste/save your token.
